Greetings, Loyal Camp Constituent!

We continue to hear that young people are leaving the Mennonite Church. If the requirement for the Mennonite Church is four walls, a pulpit, fellowship hall and organ, you can't argue with that reality. In Matthew 18:20, Jesus says, "**where two or three are gathered together in my name, there am I with them.**" Yes, this is the church.

Each of you can recall either in your own family, or the family of your congregations, the many lives that have been touched at Camp Mennoscah. The many young people who committed their lives to following Jesus in the dingy, muddy water of the Ninnescah River, with their church family and friends standing on the dam celebrating and worshipping together with them. We can recall the many testimonials in our congregations on the day of baptism where young people reflect on the powerful, life changing, faith altering and positive experiences of connecting with God and the land at Camp Mennoscah.

It is to this vital, "Church" that we solicit your support! Times are tight, and you have likely heard of our financial challenges. This ministry is too important to lose. Our youth are too important to forsake, and our abundance is too great not to provide the support necessary to make this a thriving ministry for the young people of the Mennonite Church.

This holiday season, as you are thinking of places to share your abundance, please consider Camp Mennoscah. We are so very grateful for your financial contributions, your prayers, and your hours of attendance and service at Camp. Checks can be mailed to camp, or [you can give on-line here](#).

Thank you in advance for enriching the spiritual lives of our youth with your kind and generous contribution. We hope that this holiday season is one of many blessings for each of you.

Blessings,

Olivia Bartel
